## SUMMARY

**Highly motivated Junior .NET Developer** with experience in **ASP.NET MVC Core, C#, SQL, NopCommerce, and Flutter**. Skilled in building **e-commerce platforms, Web APIs, and mobile applications**. Passionate about exploring new development tools and technologies. Seeking opportunities to contribute to **challenging projects** while continuously expanding my expertise.

## EXPERIENCE

### Junior .NET Developer

Aug 2024 – Nov 2025

#### *NopCommerce (E-commerce Software) | Karachi, Pakistan*

- Built and maintained e-commerce modules using **ASP.NET Core MVC, Entity Framework**, and **NopCommerce**, improving feature stability and reducing bug reports.
- Implemented **video upload support** for product pages, reducing manual content handling and improving media load performance by **~20%**.
- Developed **role-based access control (RBAC)** features, tightening user permissions and reducing unauthorized-access issues by **30%+**.
- Enhanced **vendor management workflows**, improving product onboarding speed and reducing admin overhead.
- Optimized **Kendo UI grids** (filtering, sorting, server-side search), improving data load times by **15–25%** depending on dataset size.

### Web Development Intern

Oct 2023 – Nov 2023

#### *CodeSoft (Remote Internship)*

- Built **Melani**, an online cosmetic & jewelry e-commerce store, using **PHP, MySQL, AJAX, JavaScript, and SCSS**.
- Implemented core modules (product listing, cart, checkout, admin CRUD), improving overall feature completeness.
- Debugged and resolved UI/functional issues based on QA reports and user feedback.
- Managed development workflow using **Git/GitHub** and **VS Code** for version control and code reviews.
- Project Repository: [github.com/Mujtabaa-Ahmed/melani](https://github.com/Mujtabaa-Ahmed/melani)

## PROJECTS

### A&M Group | C# ASP.NET CORE MVC

#### *ERP System for A&M Group*

- Contributed to the development of an **ERP system** for a leading business group.
- Implemented **database optimizations, business logic, and API integrations**.
- Used **Kendo UI, AutoMapper, SQL Procedures, and NopCommerce** for various ERP modules.
- URL: <https://www.aandm.group/>

### AIRLINE | TICKET BOOKING SYSTEM

#### *Airline Ticket booking system (Website)*

Ticket Booking system of Airline in website

- Developed an online flight ticket booking system using C# ASP.NET MVC for backend development
- database objects containing functions, triggers, store procedures
- Designed front-end using the latest tools like Ajax
- Designed web pages using HTML, JavaScript, CSS, HTML and page design and layout and graphics
- Github Repository: <https://github.com/Mujtabaa-Ahmed/AirLine>

## SKILLS

C#, ASP.NET MVC, .NET Core, Entity Framework, LINQ, Razor, JavaScript, jQuery, Kendo UI, Dart, Flutter, Firebase, SQL Server, MySQL, Stored Procedures, RESTful APIs, Web API, Role-Based Access Control (RBAC), Git, GitHub, NopCommerce Development

## Education

### **Bachelor of Science in Computer Science**

*Virtual University of Pakistan — 2023–Present*

**Expected Graduation:** 2027

**Relevant Coursework:** Data Structures, OOP, Database Systems, Web Development

### **Diploma in Software Engineering**

*Aptech North Nazimabad — 2023–Dec 2025 (In Progress)*

**Relevant Coursework:** Software Engineering Fundamentals, Web Programming, Database Concepts, Front-End Development

## STRENGTHS

### Collaboration

Work well in a team and know how to support my teammates.

### Critical Thinking

always think clearly and rationally, understanding the logical connection between ideas.

### Delivering Results

Focus on the key inputs and deliver them with the right quality and in a timely fashion.

### Problem Solving

I am capable of coming up with creative solutions to identify problems and solve them in an efficient and effective manner.

## INDUSTRY EXPERTISE

### Microsoft.NET

### LAMP & Open Source
